# SOUL REVIVAL

## MARCH 25, 2017

*BB King's Blues Club*

**1104 DECATUR STREET**

We hope you will join Legacy Donor Foundation as we celebrate the Gift of Life at our annual Soul Revival fundraiser. This year's event will be held on March 25, 2017, at BB King's Blues Club!

Known as a soul-shaking good time, Soul Revival attracts hundreds of attendees who fill the dance floor to awesome music, enjoy delicious cuisine, and delight in this unique event. The musical lineup will feature a gospel choir and BB King's bands to keep the crowd dancing into the midnight hours.

For more information, please visit [www.SoulRevivalOnline.com](http://www.SoulRevivalOnline.com). Thank you for your support. Together we are working to increase the number of donors who heal and save lives!

# Please join us by becoming a Soul Revival 2017 Sponsor!

Your support will enable the Legacy Donor Foundation to continue our mission of saving the lives of those waiting for transplants by educating the citizens of Louisiana about the critical need for organ, eye and tissue donation and encouraging everyone to register as donors.

At the Legacy Donor Foundation, we are committed to helping people understand that transplantation is a second chance at life for thousands that is only possible through the generous gift of donation.

As a nonprofit organization, fundraisers and grants support our programs. Since we began in 1999, we have been very fortunate to have exceptionally generous sponsors and patrons. Although our progress is proven through living testimonies and the significant increase in Louisiana's Organ and Tissue Donor Registry, our work is not complete-more than 2,000 people are waiting for a second chance at life in Louisiana and nearly 120,000 nationwide.

We promise an unforgettable evening dedicated to the celebration of life, and we hope you will join us on **March 25, 2017!**

# About New Orleans' 18th Annual Soul Revival

- ♥ Saturday, March 25, 2017
- ♥ BB King's Blues Club
- ♥ Annually over 1,000 tickets are distributed
- ♥ Over 3,000 invitations mailed to guests
- ♥ Funds raised are used to educate the 4.6 million citizens of Louisiana about the critical need for organ, eye and tissue donation and encourage individuals to register as donors.
- ♥ Stories and ads in local newspapers, websites and magazines including The New Orleans Advocate, The Times Picayune, St. Charles Avenue, New Orleans Living Magazine and more!

## Mission Of Legacy Donor Foundation

The mission of the Legacy Donor Foundation, a 501(c)(3) non-profit organization, is to **enhance life and prevent the loss of human life** due to the lack of available organs, corneas and tissues for transplant. Through public education and awareness campaigns, the Foundation seeks to educate the citizens of our state about the critical need for organ, eye and tissue donation, encourage registering as an organ, eye and tissue donor, and foster family acceptance of decisions and the process.

## Vision

Legacy Donor Foundation envisions a culture where all Louisiana citizens are **committed to giving LIFE** through organ, eye and tissue donation.

## History

- ♥ **Founded in 1999 to save the lives of people waiting for transplants** by encouraging citizens to register as organ, eye and tissue donors
- ♥ Began statewide public awareness campaigns **to bring about understanding of the critical needs for organ, eye and tissue donation**
- ♥ Very soon **realized the need for educational programs** to compliment the awareness campaign
- ♥ **Implemented comprehensive education programs** to help Louisianians understand the critical need for donation and to dispel myths and misconceptions
- ♥ **Collaborated with all statewide agencies** with an interest in donation and transplantation to form Donate Life Louisiana - part of a national coalition to increase donor designations
- ♥ Have branded all Legacy Donor Foundation programs as Donate Life Louisiana programs to bring a consistent face and message of donation to Louisiana and to align with Donate Life America

## Current Statistics

- ♥ **In Louisiana, over 2,000 individuals are awaiting** a life-saving organ transplantation, making organ donation a serious issue in our state. Nationally, almost **120,000 people are in need of an organ transplant.**
- ♥ Every 10 minutes another person is added to the transplant waiting list and **22 people, on average, die each day because there are not enough donor organs available for transplant.**
- ♥ **One organ donor can save as many as 9 lives,** restore sight to 2 people and enhance the lives of 50 more through tissue donation.
